GOVERNANCE STATEMENT AND BOARD MEMBERS' REPORT

Governance

The Board of the Property Services Regulatory Authority was established under the Property Services (Regulation) Act 2011. The functions of the Authority are set out in Part 2 Section 10 of this Act. The Authority is accountable to the Minister for Justice and is responsible for ensuring good governance and performs this task by setting strategic objectives and targets and taking strategic decisions on all key business issues. The regular day-to-day management, control and direction of the Property Services Regulatory Authority are the responsibility of the Chief Executive Officer (CEO) and the senior management team. The CEO and the senior management team must follow the strategic direction set by the Authority and must ensure that all Authority members have a clear understanding of the key activities and decisions related to the entity, and of any significant risks likely to arise. The CEO acts as a direct liaison between the Authority and management of the Property Services Regulatory Authority.

Responsibilities of the Authority

The work and responsibilities of the Authority are set out in the Property Services (Regulation) Act 2011, which also contain the matters specifically reserved for Authority decision. Standing items considered by the Authority include:

- declaration of interests,
- reports from committees,
- financial reports/management accounts,
- performance reports (strategy statements),
- risk register,
- statistics.

Section 22(2) of the Property Services (Regulation) Act 2011 requires the Authority of Property Services Regulatory Authority to keep, in such form as may be approved by the Minister for Justice with consent of the Minister for Public Expenditure and Reform, all proper and usual accounts of money received and expended by it.

In preparing these financial statements, the Authority of Property Services Regulatory Authority is required to:

- select suitable accounting policies and apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that it will continue in operation, and
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements.

The Authority is responsible for keeping adequate accounting records which disclose, with reasonable accuracy at any time, its financial position and enables it to ensure that the financial statements comply with Section 22(2) of the Property Services (Regulation) Act 2011. The maintenance and integrity of the corporate and financial information on the Property Services Regulatory Authority's website is the responsibility of the Authority.

The Authority is responsible for approving the annual plan and budget. An evaluation of the performance of the Property Services Regulatory Authority by reference to the annual plan and budget was carried out on 10th February 2021.

PROPERTY SERVICES REGULATORY AUTHORITY

STATEMENT OF INTERNAL CONTROL

Scope of Responsibility

On behalf of the Property Services Regulatory Authority, I acknowledge the Authority's responsibility for ensuring that an effective system of internal control is maintained and operated in the Authority. This responsibility takes account of the requirement of the Code of Practice for the Governance of State Bodies (2016).

Purpose of the Statement of Internal Control

The system of internal control is designed to manage risk to a tolerable level rather than to eliminate it. The system can therefore only provide reasonable and not absolute assurance that assets are safeguarded, transactions authorised and properly recorded and that material errors or irregularities are either prevented or detected in a timely way.

The system of internal control, which accords with guidance issued by the Department of Public Expenditure and Reform, has been in place in the Property Services Regulatory Authority for the year ended 31 December 2021 and up to the date of approval of the financial statements.

Internal Controls in Place

The Authority is satisfied that the systems, which it has in place, are reasonable and appropriate for the Authority's circumstances having regard to its size, level of expenditure, staff resources and the nature of its operations. However, the systems do not, and cannot, provide absolute assurance against material error.

The Property Services Regulatory Authority has adopted the Code of Practice for the Governance of State Bodies issued by the Department of Public Expenditure and Reform in 2016.

Capacity to Handle Risk

The Property Services Regulatory Authority has an Audit and Risk Committee (ARC) comprising two Authority members and two external members. I, as Chairperson of the Authority, am satisfied that the ARC discharged its role effectively with four meetings held in 2021.

The Authority has reviewed and agreed the risk management policy which sets out its risk appetite and the risk management processes.

The Property Service's Regulatory Authority's Internal Audit function is carried out by the Department of Justice Internal Audit Unit under the oversight of the Audit Committee of Vote 24 (Justice). The role of Department of Justice Internal Audit Unit is to provide independent assurance to the Accounting Officer on the effectiveness of the internal controls in place across the Vote.

The Department of Justice's Internal Audit Unit carry out an audit on financial and other controls in the Authority each year.

PROPERTY SERVICES REGULATORY AUTHORITY

STATEMENT OF INTERNAL CONTROL

Risk and Control Framework

The Property Services Regulatory Authority has implemented a risk management system which identifies and reports key risks and the management actions being taken to address and, to the extent possible, to mitigate those risks.

A risk register is in place which identifies the key risks facing the Authority and these have been identified, evaluated and graded according to their significance. The register is reviewed and updated by the Audit and Risk Committee, in consultation with Senior Management. The outcome of these assessments is used to plan and allocate resources to ensure risks are managed to an acceptable level.

The risk register details the controls and actions needed to mitigate risks and responsibility for operation of controls assigned to specific staff. The Authority confirms that a control environment containing the following elements are in place:

- procedures for all key business processes have been documented,
- financial responsibilities have been assigned at management level with corresponding accountability,
- there is an appropriate budgeting system with an annual budget which is kept under review by senior management,
- there are systems aimed at ensuring the security of the information and communication technology systems. The ICT division of the Department of Justice provide the Property Services Regulatory Authority with ICT services. In February 2021 they provided an assurance statement outlining the control processes in place at that time. An internal audit of the ICT system provided to the Property Services Regulatory Authority by the Department of Justice carried out in 2018, identified issues of concern with the system in place and put forward recommendations for the ICT division to address. A number of these recommendations remain outstanding at the 31st December 2021, which is a cause of concern to the Authority. An online licence application system is provided by An Post through Licences.ie on behalf of the Property Services Regulatory Authority. An assurance document regarding the security and controls of the system in place during 2021 was received from An Post in November 2021. A service level agreement is in place with An Post.
- there are systems in place to safeguard the Property Services Regulatory Authority's assets, and
- there are control procedures in place regarding assessment and payments from the compensation fund.

Certain aspects of the control environment within the organisation have been adapted to mitigate risks arising from the workplace restrictions imposed as a result of Covid-19.

PROPERTY SERVICES REGULATORY AUTHORITY

STATEMENT OF INTERNAL CONTROL

Ongoing Monitoring and Review

The Property Services Regulatory Authority has in place an Internal Control Document which identifies risks to the Authority, the controls in place and the reporting and monitoring procedures.

The Authority takes the major strategic decisions and meets at regular intervals to monitor performance and plans. The executive management only act within the authority delegated by the Authority to give effect to the Authority's policies and decisions.

A detailed procedural manual has been prepared and put in place. Where possible, staff duties are appropriately divided taking account of the risks involved and the limited number of staff.

I confirm that the following ongoing monitoring systems are in place:

- Key risks and controls have been identified and processes have been put in place to monitor the operation of those key controls and report on any deficiencies,
- Formal procedures are in place for the purchase of all goods and services, for approval of invoices in respect of goods and services and authorisation of payment in respect of goods and services.
- There are regular reviews by the Chief Executive Officer of periodic and annual performance and financial reports which indicate performance against budgets/forecasts.
- The Authority's financial and other control procedures are subject to an annual review by the Department of Justice Internal Audit Unit. The Department of Justice Audit Committee reviews the work of the Internal Audit Unit.
- Reporting arrangements have been established at all levels where responsibility for financial management has been assigned.

A Service Level Agreement is in place with the Department in relation to the ICT service and arrangements are in place to back up PSRA systems. An online licence application system is provided by An Post through Licences.ie on behalf of the Property Services Regulatory Authority. This online system has greatly enhanced the efficiency and effectiveness of the licence process. An assurance document has been received from An Post regarding the security and controls of the system in place. A service level agreement is in place with An Post.

The Property Services Regulatory Authority's monitoring and review of the effectiveness of the system of internal financial control is informed by the work of the internal and external auditors, the Audit and Risk Committee which oversees their work and the senior management within the Property Services Regulatory Authority responsible for the development and maintenance of the internal financial control framework.

Opinion on the financial statements

I have audited the financial statements of the Property Services Regulatory Authority for the year ended 31 December 2021 as required under the provisions of section 22 of the Property Services (Regulation) Act 2011. The financial statements comprise

- the statement of income and expenditure and retained revenue reserves
- the statement of financial position
- the statement of cash flows, and
- the related notes, including a summary of significant accounting policies.

In my opinion,

- the financial statements properly present moneys received and expended by the Property Services Regulatory Authority for 2021 and
- the financial position at 31 December 2021 is in accordance with the accounting policies set out in the financial statements.

Basis of opinion

I conducted my audit of the financial statements in accordance with the International Standards on Auditing (ISAs) as promulgated by the International Organisation of Supreme Audit Institutions. My responsibilities under those standards are described in the appendix to this report. I am independent of the Property Services Regulatory Authority and have fulfilled my other ethical responsibilities in accordance with the standards.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Report on information other than the financial statements, and on other matters

The Property Services Regulatory Authority has presented certain other information together with the financial statements. This comprises the governance statement and the statement on internal control. My responsibilities to report in relation to such information, and on certain other matters upon which I report by exception, are described in the appendix to this report.

I have nothing to report in that regard.

Leonard McKeown
For and on behalf of
Comptroller and Auditor General

Appendix to the report

Responsibilities of the Authority

The governance statement and Authority members' report sets out the Authority members' responsibilities. The Authority members are responsible for

- the preparation of annual financial statements in the form prescribed under section 22 of the Property Services (Regulation) Act 2011
- ensuring that the financial statements properly present moneys received and expended for 2021 and its financial position at 31 December 2021 in accordance with the accounting policies set out in the financial statements
- assessing whether the use of the going concern basis of accounting is appropriate, and
- such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of the Comptroller and Auditor General

I am required under section 22 of the Act to audit the financial statements of the Property Services Regulatory Authority and to report thereon to the Houses of the Oireachtas.

My objective in carrying out the audit is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement due to fraud or error. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the ISAs, I exercise professional judgment and maintain professional scepticism throughout the audit. In doing so,

- I identify and assess the risks of material misstatement of the financial statements whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- I obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls.
- I evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures.
- I conclude on the appropriateness of the use of the going concern basis of accounting and, based on the audit evidence obtained, on whether a material uncertainty exists related to events or conditions that may cast significant

doubt on the Property Services Regulatory Authority's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my report. However, future events or conditions may cause the Property Services Regulatory Authority to cease to continue as a going concern.

- I evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I report by exception if, in my opinion,

- I have not received all the information and explanations I required for my audit, or
- the accounting records were not sufficient to permit the financial statements to be readily and properly audited, or
- the financial statements are not in agreement with the accounting records.

Information other than the financial statements

My opinion on the financial statements does not cover the other information presented with those statements, and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, I am required under the ISAs to read the other information presented and, in doing so, consider whether the other information is materially inconsistent with the financial statements or with knowledge obtained during the audit, or if it otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

Reporting on other matters

My audit is conducted by reference to the special considerations which attach to State bodies in relation to their management and operation. I report if I identify material matters relating to the manner in which public business has been conducted.

I seek to obtain evidence about the regularity of financial transactions in the course of audit. I report if I identify any material instance where public money has not been applied for the purposes intended or where transactions did not conform to the authorities governing them.
